

# Introductions to new members of the nursing team

## **Kelly Flynn**

Kelly is a Health Care Assistant (HCA) who has recently started working at the practice. She has been an HCA for the last four years and absolutely loves her job. Kelly has a degree in Health and Social Care. Kelly brings a breadth of experience to the practice and her previous job roles have been working in a care home, providing home care including for patients with Learning Disabilities, working in the hospital and in a hospice. Kelly assists in minor surgery and has a great passion for this area.

In her spare time Kelly loves to keep active and socialise. She has a little boy and feels this GP surgery is the place for her to be.

## **Libby Ellis**

Libby has joined Fountain as a practice nurse and is proud to be part of the dedicated nursing team here. Libby graduated from Huddersfield University in August 2024 with a First-Class Honours degree in Adult Nursing and has been working in general practice since then.

Libby has a particular interest in delivering high-quality, patient-centred care. She is passionate about supporting individuals in managing their health and well-being and is committed to making every patient feel listened to, respected, and cared for.

Libby has a keen interest in asthma and wound care and is looking forward to building on these skills and learning as her career grows.
