Part 2

Aims and Objectives

1. To provide a high standard of medical care and maintain this level of care through continuous training and learning.
2. To be committed to the needs of the patients in our community.
3. To act with honesty, integrity, and total confidentiality.
4. To treat patients and staff with respect and courtesy, and to present a friendly, professional, and approachable service.
5. To ensure patients dignity is maintained at all times.
6. To strive to maintain equality and offer the same level of care regardless of age, sex, disability, ethnicity, sexual preference, nationality, or religion.
7. To promote patient self-care and disease management by the practice use of education and information.
8. To ensure the environment is safe and effective.
9. To continue to improve our health care service through regular monitoring, auditing and valuing patient comments and feedback.
10. To ensure our staff are appropriately trained and display the correct skills and qualities enabling them to perform their duties with competence.

11. To continue to communicate with patients using new technology wherever possible and desirable.
