

HOW TO REGISTER

Please call into the Health Centre and ask the receptionist for a new patient registration pack. Once you have completed the form please return to the centre and make an appointment for a new patient check so that one of our healthcare professionals can take care of your health check and any medication you may need. Alternatively you can now register online at www.showellparkhealthcentre.co.uk

Patient Participation Group

We feel our patients are important to us and we value your thoughts, ideas and the opportunity to discuss them so if you would like to participate in the group please contact the Practice Manager.

Accredited Training Practice

We believe in helping the future of healthcare and for that reason from time to time we have Medical Students at the centre & help them with the development in a variety of skills. You will always be informed and asked for consent for them to be part of a consultation and you do have the right to decline.

How to make a Complaint

If you have any comments on how we can improve the service we provide or are unhappy with any aspect of our care please ask to speak to the Practice Manager or one of the Doctors. If you wish to make an official complaint please ask for a complaints leaflet.

We aim to treat our patients courteously at all times and expect our patients to treat our staff in a similarly respectful way. We take seriously any threatening, abusive or violent behaviour against any of our staff or patients. If a patient is violent or abusive they will be warned to stop their behaviour and we may exercise our right to take action to have them removed from the premises and off our list of patients. We are a zero tolerance centre
